A LETTER FROM THE DIRECTOR

Welcome to the Third Annual Middle School Drama Night! Tonight's theme is "A Night for the History Books" and you are about to see 4 one-act plays as performed by some great middle school students, directed by a great group of high school students, and supported by crews of both. The plays span time periods from current day to 339 BC and take moments to pause and reimagine historic events in a comical way.

This show was created a little differently than in the past. Our high school students were able to take charge! They directed our middle school students in their acting; they designed their sets and worked with our costume, hair and makeup, lights and sound, and stage crews to cultivate the look and feel of their shows; and they managed a lot of the responsibilities that our adult directors usually manage. My primary job was to help ensure their visions came true, coordinating all of the people, paperwork, and extra things that go into a show and occasionally bringing the kids back to reality and reminding them what we are able (and allowed) to do within our auditorium walls. They have big imaginations so that sometimes became quite a tall order, but their help was immeasurable. This year has been a whirlwind for a number of reasons, but the biggest one is probably our high school director and my partner in crime, Mrs. Parker, being a little bit busy with becoming a mother to her new daughter, Merin! We are so happy to have a new baby in the Drama Family! With the "Boss" being preoccupied, it meant a lot more work and responsibility for me but thankfully, I am surrounded by wonderful people who are so willing to jump in when I need a hand.

I began this endeavor three years ago at the request of Mrs. Parker after a "Hey, wouldn't it be cool..." sort of statement. In that time, we have built a successful program where our first middle schoolers have now come back to help us continue developing the program this year! And boy, did I need their help! They have been great mentors for our middle schoolers and sources of creativity and much-needed energy for me.

Mr. Graff, Miss Scheidel, Miss Nelson, and Miss Januska have been my backbone. They are there for anything I need- picking up food, buying q-tips, sending an email, or helping to keep my sanity in tact. Our administrators, our school board, and our building staff have all helped to make this weekend possible too!

Finally, Thank YOU for attending and supporting our program tonight and all of the nights in preparation for this. We hope you enjoy the show!

Miss Nelson is super excited for the shows this weekend and loves having the opportunity to work with all the students and directors!

Lauren Januska, *Makeup Director*: Mrs. Januska has had a love for the performing arts her entire life. She started dance at age three and continued to dance and eventually became a member of the Gavit High School Woodmar Singers Show Choir, merging her passions of dance and singing. She found her love for theatre as the lead roles in *Cinderella* and *Scrooge*, inspiring her to take acting courses at IU. While there, she was affiliated with the Marching Hundred as a member of the Redsteppers Dance Team. This is Mrs. Januska's seventh year as a mathematics teacher at GHS. She is beyond excited to be a part of The Griffith Theatre Company. Working with such talent students and creative directors, The future looks very bright!
